

METTE QUINN

Deputy Director, Carbon Markets and Clean Mobility, Head of Unit B1,
ETS Policy Coordination and International Carbon Markets, European
Commission's DG CLIMA

As Deputy Director, Carbon Markets and Clean Mobility at European Commission, DG Climate Action, Mette Quinn oversees the development and implementation of carbon pricing policies and strategies to reduce greenhouse gas emissions from the energy, industry, buildings and transport sectors within the EU. She engages in international cooperation to enhance carbon pricing as a climate policy tool worldwide. She has over 25 years of experience in government administration, policy analysis, and international relations, with a focus on climate change, innovation, and economics.

She is passionate about advancing the EU's leadership and cooperation in addressing the global climate challenge and ensuring a fair and cost-effective transition to a low-carbon economy and climate neutrality. She has a strong track record of managing complex and multidisciplinary projects, building effective partnerships, negotiating, and delivering high-quality results. She has a Master of Science in Economics from Copenhagen University and a Master of Science in International business and European Integration from Reading University.
