

DONATAS PETRONIS

Managing Director, Gren Klaipeda, Lithuania

Donatas Petronis graduated from Klaipėda University with a degree in Electrical Engineering and has accumulated extensive experience in the energy sector.

He began his career at the Gren Klaipėda WtE plant in 2012 as an Electrical Technician, subsequently rising through the ranks to the position of Head of Operations, and was appointed as the company's Director in 2020.

This long-term experience within a single company - from technical foundations to strategic management - has given him exceptional expertise in the field of combined heat and power (CHP) plants and a deep understanding of the WtE industry.
