

TOBIAS PERSSON

Swedish Environmental Protection Agency

Tobias Persson is a senior advisor at the Swedish Environmental Protection Agency, where he conducts analyses related to the development of EU and Swedish climate policy.

He has more than 25 years of experience working on issues related to the transition of the extractive and basic materials industries toward sustainability and significantly reduced greenhouse gas emissions, including the development of the energy system and the circular economy.

He holds a PhD in Energy and Environmental Systems from Chalmers University of Technology.
